

Welcome to the new Church School year!

We are excited to get started working with the children Saint James Episcopal Church. We have been discussing ways that we can make the experience of Church School more personal for our students, specifically with regard to communicating information about upcoming services and events.

Our goal is to create a database of email addresses for our Church School children, to be used only by me (Starr Anderson) and the office at Saint James. *(Parents, of course, would be included in all correspondence, but each student will receive their own email notifications.)* Our intention is to make the Church School children feel more connected to the lessons being taught and included in our worship and church community.

Please complete the following information and return it to me, along with your child's/children's registration.

(Check one of the boxes below and complete the information in the spaces provided.)

	<p>Yes. My child has permission to receive emails from Starr Anderson (janderson19@verizon.net) or St. James Church Office (saintjameschurch@comcast.net).</p>	
	Student Name: _____	Email Address: _____
	Student Name: _____	Email Address: _____
	Student Name: _____	Email Address: _____
	Student Name: _____	Email Address: _____
	<p>No. I do <i>not</i> give permission for my child/children to receive emails from Starr Anderson or the St. James Church Office.</p>	
	Student Name: _____	
	Student Name: _____	
	Student Name: _____
